

Type: Cone throttle
 Permissible medium: air
 Temperature range: -10 to +100°C (14°F to +212°F)
 Working pressure range: 0.5 to 10 bar (7,25 psi to 145,04 psi)
 Nominal flow rate: 1->2 200 NI/min
 Nominal flow rate: 2->1 150 NI/min

Nominal flow rate measured at 6 bar and 1 bar
 Pressure drop between inlet and outlet
 NI/min 2->1 = with throttle closed

1:1

Material: 1.4301 (304) stainless steel
 Seals: FKM
